Notes

- > Data top-ups offer MPN level data only - they are not shared (MPN = Mobile Phone Number)
- > Only a single data top-up per MPN per month, this can be applied at any point
- > 20gb Data top-ups DO NOT auto-remove at the end of each billing cycle, so it will be up to the customer to request removal when no longer required. Please note that, if not removed prior to next billing cycle, they will be charged in full and receive the full allowance for the following bill month
- > Data top-ups cannot be back dated, and in addition they will not re-rate legitimate out-of-bundle spend if user have used up their inclusive allowance and incurred charges
